## The Demand for the East End

The need for a good clean man on the police force in the East End is growing more apparent every day. It is a hardship on one man to stay on duty more than 12 hours and be subject to calls at all hours for order after that time.

Need another officer to insure the proper protection to life and property and public morals in this part of the city, and he should be a man of ability and other qualifications.

The man can keep proper order in a district as large as the East End where all kinds of people are continually moving in and out. The East End is to establish a reputation for lawfulness and it will be done if proper police protection is given us.

"The harder you fall the higher you bounce;  
Be proud of your blacken eyes;  
It's not the fact that you are whipped that counts,  
But how did you fight, and why?"

Have you signed the petition?

Put it in the Star want column for quick results.

Will you kindly mail your check to us for one year's subscription?

"Whom the Gods would destroy, they first make mad!"

What has become of the Chamber of Commerce? Has it died or is it sleeping?

We are still doing job work and a much better grade at that. Are our satisfied patrons.

The Star predicts a warm time for somebody in the Superior Court next month. Don't fail to hear the famous libel case.

It is strange what fools some men make of themselves, but a shame that they should try to make fools of other men.

It seems that Prof. J. R. Hogan and famous Jim Noble are about to get the administration in bad—and incidentally the race.

A white millionaire was forced to marry a colored girl whom he had wronged in Chicago last week. If this policy should invade the Southland we would soon abolish the "Jim Crow" law.

There is a growing demand for MEN; real MEN; true hearted men, who are not afraid to stand up and fight for RIGHT. The race needs MEN, but not traitors.

The big fight is now on and the eyes of an anxious public look on awaiting the final results. "Lay on McDuff, an damned be he who has eyes, hold, enough!"

A honorable man would not commit a dishonest or dishonorable act. Any man who is not honorable is a menace to any community. Can he deny this?

The Dry Farming Congress spirit is in the air in Oklahoma. Dry farmers are beginning to think that this is the logical kind of farming to learn about in this state.

The Chamber of Commerce seems to be a thing of the past in spite of the efforts on the part of Mr. Wells to revive the organization after two years of inaction under the leadership of Freeman L. Martin. The colored people have demonstrated their lack of confidence in this man and in this case at least their judgment has been justified.

Mr. Stradford and Mr. Tomlin are occasional callers at the Star Office.

Mr. Kirby and Mrs. Stevens called at the Star Office Thursday.

Mr. O. W. Gurley received a letter from her husband who recently went to Pine Bluff on a visit, stating that his mother died last Friday morning after a brief illness.

## HARMONY NEEDED IN HOME

Homes and Disturbed Nerve. Are the Sure Result if It Is Lacking There.

The imperative need of harmony in home surroundings as well as in business life is being felt by thinking men every day. It is impossible to do our best work in any atmosphere of confusion, and it is an almost variable rule that homes and disturbed nerves are the penalty exacted if we allow ourselves to be drawn in to conditions that do not open us money. Our home is our castle, and nothing should be allowed to enter therein that makes us unhappy.

If one is obliged to take strangers into the home on account of financial necessities, it is wise to make sure that they are not antagonistic in any way that will affect the family relations. Otherwise it is better to give up the home and do with less if it means peace of mind. There is no price too great to pay for harmony in the home. Health, happiness, financial success to you and yours, the ability to help others, and all through the gaining and holding the peace which is the peace of understanding. Some of us have to be beat on with many stripes before we realize the need of and grasp the knowledge of harmony, but those who have already felt a longing for it and peace of heart will get the revelation as they realize its great benefit.

The National Baptist Convention convenes at Nashville Tenn. Sept. 17. All parties will please give their names to Rev. J. P. Kersh at Rev. P. K. White by the 1st Sunday in September.

## WORLD'S GREATEST FARM EXPOSITION

INTERNATIONAL DRY-FARMING CONGRESS TO BE HELD AT TULSA OCT. 22-NOV. 1.

## DELEGATES FROM ALL THE WORLD

Every Continent and Every Race to Meet and Discuss and Compare Best Methods for Cultivating Semi-Arid Regions

The world's most important farm convention for 1913 will be held in Tulsa, Oklahoma, October 22 to November 1. Men from thirty nations will attend the eighth annual meeting of the International Dry-Farming Congress there and will tell about methods of farming in all regions of slight rainfall or occasional drought.

Official delegates are expected at Tulsa from every continent on the globe. China, whose farmers have tilled the same lands for forty centuries, will be officially represented by its minister of agriculture, Chun Sen Chan. Tunis, in north Africa, which has been a dry-farming region since the time of Hannibal will have representatives in Tulsa to learn even more of the science which its farmers have practiced for 2,500 years. Persia, whose agriculture is as old as history, will have at least two delegates, including the Mirza Ali Kuli Khan. Palestine will send its greatest agriculturist, Dr. Aaron Aaronsohn, who today conducts a huge farm on land which the shepherds used in the time of Christ.

Fourteen governors of states and scores of congressmen have accepted invitations to be present. On top of all these will be tens of thousands of actual farmers who will come from every state in the Union and from every province in Canada to study methods whereby they may increase the yields per acre on their own farms.

The great farm meeting at Tulsa will be held in nine sections, beginning October 27 and lasting five days. The Exposition held in connection with it will begin five days earlier, on October 22, and will last until November 1. One sectional meeting will be devoted entirely to talks about soils, tillage methods and farm machinery.

In other sectional meetings will be studied the home breeding and selection of seeds, live stock and dairying, feed and forage crops, farm forestry, the right kind of education for country boys and girls, farm management and farm engineering.

The real purpose of the International Dry-Farming Congress and of its meetings is to teach methods for the conquest of drought. It has nothing to do with politics, colonization or religion. It is not an agricultural college, neither does it conduct experiment or demonstration farms. It merely collects from all possible sources the available information about methods whereby farmers may increase their yields per acre, the quality of their crops and their bank accounts in all regions of light or irregular rainfall. It then passes this information on, through its annual conventions and its publications, to the farmers in many nations.

The International Congress now has officers in nineteen nations and members in sixty and its influence for the development of farming methods is world-wide. Its work is of especial importance through the southwestern states, all of which are subject to occasional drought which in many seasons cuts the profits out of farming. In even the driest years, however, thousands of farmers are making good through the practice of the new methods which are revolutionizing agriculture. These farmers will be at Tulsa and will help in making the Eighth Congress and Exposition the most important meeting of its kind ever held on the American continent.

The name of Dr. Geo. W. Buckner, a colored man of Evansville, Ind., was sent to the Senate by President Wilson last week to be confirmed as the new ambassador to Liberia, the colored republic on the south coast of Africa. Dr. Buckner was recommended for the position by Secretary of State William J. Bryan, and his confirmation is already conceded.

## Look Look For The Battle

Between Oklahoma & Mexico this is coming off at the U. M. E. church, see page today in Sept. The church is the most interesting club. Mr. L. L. Chapman of the old people here known as the Mexican club and Mr. L. L. Chapman captain of the young people known as the Oklahoma club, are getting into the fight and stay with long captains as a brave soldier. We are calling for volunteers. Contact Chaplain C. M. E. church, Box 11111, Tulsa, Okla.

The above is the likeness of O. W. Gurley of this city, who has built several new houses for renters and will build more in the near future.

Also agent for the famous Cushing addition to Cushing.

If you want to buy real estate, homes or if you desire to rent.

If you want to get in on the ground floor in the Cushing boom, see O. W. Gurley, 114 N. Greenwood. Phone 361.

## NATIONAL PETITION AGAINST JIM CROW

And Color Segregation by the Federal Government.

Read, citizens, sign your names and address and mail to the editor of this paper. Get several names.

## Petition.

States, Hon. Woodrow Wilson, White House, Washington, D. C.

Sirs: This is to certify that we, the undersigned, are surprised and indignant that under your administration there should be any rules made by members of your cabinet to segregate employees of the national government by race or color. We protest against this as a plain insult, public degradation, and insufferable injury to colored Americans, the establishment of caste in this free republic. We petition you to reverse, prevent, and forbid any such movement by your bureau chiefs, in accord with your promise of fair, friendly, just and Christian treatment of your fellow citizens.
